addition, ACM occasionally makes its conference attendee lists available to companies
and other societies for computer-related mailings. The list of conference attendees is for
the personal use of the attendee only, and is not to be redistributed nor used as a mailing
list. In accordance with ACM policy, attendees may choose one of the following

restrictions on the registration form, which will apply to the appearance of your name on those lists:

- Please choose an appropriate preference:
  □ No restrictions (default if no restriction specified).
  □ ACM announcements only.
  □ ACM and other societies' announcements only.
  □ Do not include on SACMAT 2006 attendance list.
